## CABINS • CAMPING • EVENTS

### Welcome Packet & Property Map

Altenbrauch Farm has 62 acres of wooded hills and open fields for you to explore. Our residence and personal belongings are all contained in one area, so please feel welcome to explore the rest of the property and set up camp wherever you like.

#### RULES

Please read and abide by the few simple rules listed on the back of this sheet. They've been put in place for the safety and enjoyment of our guests, as well as the stewardship of our property.

#### MAP

You're free to camp anywhere on the property. The included map shows the property boundaries. The location of the self-check-in kiosk, portajohn, solar shower, and firewood rack is labelled. Portable fire rings, shovels, folding tables, and items for sale are also available there.

#### WATER & SOLAR SHOWER

An outdoor water spigot is located by the check-in kiosk. Be sure to lift the handle all the way vertical; the water may take a few seconds to begin flowing. A primitive solar shower is located beside the water spigot. The water is heated by the sun, so it only allows for 10-15 minutes of heated water at a time. Follow the instructions posted inside the shower stall. The water is shut off November 1 to March 30 to avoid freezing.

#### FIREWOOD & CAMP STORE

Dead wood found on the ground may be gathered for campfires, but seasoned, split firewood is also available for \$5 per bundle. Fire starter cubes, lighters, colored flame packets, tent stakes, and more are available the "Camp Store" cabinet, located on the right side of the firewood rack.

Altenbrauch Farm can be reserved as a private venue for special events and weddings—please speak to us if you have an event in mind. If you have questions or need assistance of any kind, feel free to stop by our house or send a text. Otherwise, we'll leave you alone to enjoy your stay.
